ARTiculation Stations

Why expose your child to art education? Exposing youth to art programs helps them to develop self-esteem, self expression, critical thinking skills, cooperation and appreciation of the work of others. These are skills vital to the success of their futures by reinforcing other disciplines like reading, writing, social studies, even science and math. Our fast changing environment will require that future leaders – our children – be creative and imaginative in problem solving. These skills are best learned by students involved in art education.

Important camp information:

- ♦ **Cost:** A full week of camp is \$100. Half-day camps are \$50 for the same two classes. One class for the entire week is \$25.
- ♦ All students may be dropped off 15 minutes before class begins and must be picked up within 15 minutes after the camp ends. Early morning drop off and late pick up arrangements are available for participants taking four classes a day.
- ♦ ARTiculation Stations are for youth 6-19. Each class has a specified age range. Birth certificates are needed for six and seven-year olds.
- ♦ Campers should bring a sack lunch and drink. Ice chests will be available for storage.
- ♦ Most supplies are provided.
- ♦ All campers should wear cool, comfortable clothes. A smock may be needed to avoid staining clothes.
